Information Technology Student | Python & Full Stack Developer

Motivated Information Technology student with strong interest in research, software development, and emerging technologies. Skilled in Python development, SQL, and problem-solving with a solid foundation in computer science fundamentals including DBMS, Operating Systems, and Computer Networks. Passionate about innovation, learning new technologies, and contributing to impactful technical projects.

EDUCATION

Bachelor's of Engineering in Information Technology

Prof. Ram Meghe College of Engineering & Management, Badnera • amaravti •
GPA: 7.1/10

Aug 2024 –
Jun 2027

Diploma

Government Polytechnic Murtizapur • Akola • GPA: 8.1/10

Jun 2021 – Jun 2024

CERTIFICATIONS

NPTEL Online Certification in Database Management Systems (DBMS)

Jul 2025 – Sep 2025

AWARDS & SCHOLARSHIPS

Lila Poonawalla Foundation (LPF)

May 2024

PROJECTS

Medical Shop Web and Application

Accomplished development of a medical shop management web application, improving understanding of backend systems, database operations, and user interaction, by building a full stack Python-based solution with integrated SQL database connectivity for efficient storage and management of medicine records.

SKILLS

Programming Languages : Python

Tools & Technologies : Git, GitHub, MySQL, VS Code

Core Subjects: Artificial Intelligence, Computer Networks, Database Management Systems, Data Structures & Algorithms

Soft Skills : Communication, Leadership, Problem Solving, Teamwork
